Our proprietary AI training platform handles all data types (text, images, audio, video and geo) across 500+ languages and dialects. Our AI Data Solutions vastly enhance AI systems across a range of applications from advanced smart products, to better search results, to expanded speech recognition, to more human-like bot interactions and so much more.

The Role

Job description

In this role, you'll assess online search results to enhance their quality. You'll analyze and rate content relevance to search terms, while also reviewing language for grammar, tone, and cultural appropriateness. Your contribution improves a major search engine's quality by evaluating web content using your PC and smartphone.

We're searching for individuals who are passionate about social media and regular users of Gmail. This remote position requires ownership and daily use of a smartphone and familiarity with various social media platforms and Google products. Your reliability, adaptability, and adherence to guidelines are key.

This role offers the freedom to work remotely, allowing you to set your hours based on task availability.

Ideal Profile

Requirements

Proficiency in both written and verbal English & Arabic

Residency in Algeria for the past 5 consecutive years

Ownership and regular use of a smartphone (Android V4.2 or higher or iPhone running iOS version 14.0 or higher) and a desktop/laptop with internet connection at your expense.

Gmail as your primary email account

Familiarity with current and historical business, media, sport, news, social media and cultural affairs in your country of residency.

Experience in navigating web browsers and smartphone apps for content interaction.

Understanding of various social media environments, including memes, virality, and trends

Successful applicants will undergo a standard recruitment process, including an Arabic language test and an open book assessment. The role involves occasional quality assurance checks and offers long-term
