

Science Teacher (Secondary) - Algiers, Algeria

[Apply Now](#)

Company: M2R Education

Location: Algeria

Category: other-general

Summary

m2r Education are proud to be partners with the British Campus Algeria, a brand new British international school which is opening in Sept . We need Science Teachers to join this incredibly exciting project!

The school will deliver the English National Curriculum from age 4 - 18 for local and international students. They are a state of the art school that will focus on the use of technology from pre-school level to enable all learners to take full advantage of new trends in teaching and learning.

Situated in Birkhadem, a vibrant suburb of the bustling capital city Algiers, the community offers endless opportunities to experience a unique blend of modernity and history, only 2.5 hours away from the UK!

The school has been equipped with first class facilities including:

Modern classrooms equipped with smart or interactive boards

ICT labs with smart boards and the latest models of computers

Specialist art, drama and music classrooms

Science laboratories

Fully stocked library

Canteen with designated areas for different age groups

Playgrounds and sports field
