Senior Field Service Technician

Location:

Hassi Messaoud, DZ

Employment type: Employee Place of work: Hybrid Offshore/Onshore: Onshore

TechnipFMC is committed to driving real change in the energy industry. Our ambition is to build a sustainable future through relentless innovation and global collaboration – and we want you to be part of it. You'll be joining a culture that values curiosity, expertise, and ideas as well as diversity, inclusion, and authenticity. Bring your unique energy to our team of more than 20,000 people worldwide, and discover a rewarding, fulfilling, and varied career that you can take in anywhere you want to go.

Job Purpose

- Performs the installation, testing and repairing of Wellhead equipment and tools

Job Description

- Installs, tests and repairs new and reworked TechnipFMC products (equipment and tools) • Establishes and maintains communication with Customer Representative on issues related to his/her perimeter (job installation/testing procedures, equipment, tooling and spare parts requirements, equipment and tooling function-fit and critical technical data) • Provides sales support ensuring the customer is fully informed of all aspects of the job • Assures all quality issues and documentation (equipment and procedural defects) is communicated and sent back to Company's Service Management • Completes field documentation after the completion of each service job • Provides Project Support as required, for all new projects

which includes: assisting with project Factory Acceptance Tests and Systems Integration Testing • Prepares and completes safety related documentation. Pursues safe work practices

You are meant for this job if:

• High school diploma or equivalent technical diploma • Minimum 1 year of experience in field service technician role • Intermediate knowledge of one or more of the following fields: mechanical equipment and tools; • Ability to read and understand drawings • Able to perform basic mathematical calculations • Ability to use technical tools and instruments required to perform duties

-> Algerian nationality is required

Skills

• Fluent in French or English language • MS Office package

Being a global leader in the energy industry requires an inclusive and diverse environment. TechnipFMC promotes diversity, equity, and inclusion by ensuring equal opportunities to all ages, races, ethnicities, religions, sexual orientations, gender expressions, disabilities, or all other pluralities. We celebrate who you are and what you bring. Every voice matters and we encourage you to add to our culture.

TechnipFMC respects the rights and dignity of those it works with and promotes adherence to internationally recognized human rights principles for those in its value chain.
